- 8.3. The meetings of the board shall be held at a location in the Netherlands or any other country, to be determined by the person(s) convening the meeting or on whose behalf the meeting is convened.

8.4. In the event the provisions specified in article 8.2 and/or article 8.3 have not been followed, the board may nonetheless take valid resolutions if all board members are represented at the meeting and none of the board members then opposes the decision-making, or – if the meeting is not attended by the full board – the board members not attending the meeting have prior to the meeting declared in writing that they do not oppose the decision-making. In the latter case, the provisions of the first sentence of article 11.4, apply without prejudice. The requirement that the statement be made in writing is satisfied if the statement is recorded electronically (for instance: by email).

Article 9.

The authorisation to represent does not preclude the right of this board member to exercise his or her vote. A board member can only represent one other fellow board member at the meeting.
- 9.3. A board member may attend a meeting by remote communication using electronic means of communication such as telephone or video conferencing on condition that the electronic means of communication allows the identity of each person entitled to attend the meeting to be established and enables them to follow the proceedings at the meeting and to participate in the deliberations in real time. The board member will then be deemed to be present at this meeting.

Board: presiding of meetings.

Article 10.

The president of the board shall chair the meetings of the board. In the absence of the president, the meeting shall provide for its own chair. Until that time, the chairmanship of the meeting shall be undertaken by the board member attending the meeting longest in office.

Board: decision-making in meetings.

Article 11.

- 11.1. The chairman of the meeting shall determine the manner in which votes are conducted in the meeting, on the understanding that at the request of a board member votes regarding natural persons shall be conducted by written ballot.
- 11.2. Insofar as these articles of association do not stipulate a larger majority, all resolutions of the board are taken by an absolute majority of votes cast.
- 11.3. Every board member is entitled to cast one vote. Blank votes shall be considered as not having been cast. In the event of a hung vote, the motion shall be considered rejected.

 - a. if there are vacancies on the board, the board can only pass valid resolutions in a meeting in which all board members are present or represented;
 - b. if the board is complete, the board can only take valid resolutions in a meeting in which at least half of the board members are present or represented,unless these articles of association provide otherwise.

If in a meeting less than half of the board members are present or represented, a second meeting is called, to be held no sooner than two and no later than four weeks after the first meeting, and, at this second board meeting, regardless of the number of attending or represented board members, valid resolutions can be taken on the items placed on the agenda in the first meeting, which could not be decided on in said meeting because of the absence of a quorum.

The convocation to the second meeting must state that and why a resolution can be taken independently of the number of board members attending or represented at the meeting.

- 11.5. The judgment given by the chairman of the meeting on the outcome of a vote is decisive. The same applies to the contents of any resolution taken, to the extent that the vote did not concern a motion put in writing. If, immediately after the chairman pronounces his or her judgment on the vote, the correctness of said judgment is disputed, a new vote shall be held, if the majority of the meeting, or, if the original vote was not held by roll call or in writing, if a person present and eligible to vote demands so. This new vote shall cause the legal consequences of the original vote to lapse.

Board: decision-making outside of the meeting.

Article 12.

All resolutions of the board may also be taken outside of the meeting, provided all board members are given the opportunity to cast their vote and they have all declared in writing not to oppose such manner of decision-making. A resolution is taken as soon as the required majority of all board members have declared to be in favour of the proposal in writing. The expression "in writing" is also understood to include a message sent and reproducible by electronic means (for instance: by email). The secretary of the board shall draw up a report of resolutions taken outside of the meeting, which will be adopted in the next meeting and in evidence thereof will be signed by the chairman and the minute taker of said meeting. The report thus adopted shall be attached to the minutes of the board meeting, together with the documents as referred to in the first sentence of this article 12.

Board: conflicts of interest.

Article 13.

13.1. A board member shall not participate in the deliberations and will refrain from voting on a board resolution if he or she has a direct or indirect personal interest with respect to the subject of the resolution that conflicts with the interest of the Foundation. The board member is entitled to attend the meeting of the board concerned on the understanding that he or she shall not be counted when determining the number of board members present or represented with respect to the board resolution concerned.

13.2. If, on the basis of the provisions of the first sentence of article 13.1, no board member at all can participate in the decision-making, the resolution shall be taken by the supervisory board.

Board: minutes of the meetings.

Article 14.

Minutes shall be kept of the business discussed at board by the secretary or by the person indicated by the chairman of the meeting.
